LR 82, 99

condition than it was when I visited it...

SPEAKER MARVEL: You have one minute.

SENATOR SCHMIT: ...or else I will take every legal means available to close it down. I want to say once more cattle feeders and farmers and livestock men across the state have spent millions of dollars to provide lagoon systems to stop the runoff from feedlots so that a little bit of organic waste did not wind up in some creek yet here we have provided a feeding ground for rodents, a breeding ground for mosquitoes in close proximity to human habitation and someone tries to tell me that it isn't any problem. SPEAKER MARVEL: The motion is the adoption of LR 82. All those in favor vote aye, opposed no. Have you all voted? Clerk, record the vote.

CLERK: 27 ayes, 0 nays, Mr. President.

SPEAKER MARVEL: The motion is carried and the amendment is or the resolution is adopted. First of all, the ladies up in the balcony, will you please raise your hand so that we can say good morning to you. Good morning. Now the two young ladies where are you located? Will you stand? There you are, okay.

CLERK: Mr. President, a new resolution, LR 99. Read. (See pages 2015 and 2016, Legislative Journal.) Mr. President, that will properly be laid over.

SPEAKER MARVEL: Will the Legislature please return to your seats? We are ready for item #6 which is Final Reading. It will take approximately 45 minutes. Those of you who are in the two balconies we now go into a constitutional situation where the Constitution states
